Police say there is little danger to the public in the area. ____ Information from: NEWS14, <https://www.news14.com/>.. The film takes place during World War II with the United States and Great War II, in the backdrop of the British colonial occupation. The main character Vivah is a British officer who has served in the Indian subcontinent fighting for the Allies during the war. He now volunteers as an aide for a fictional Indian Army unit known as the 'Karma Brigades'. Vivah's story in the film is told from his own eyes. He goes to India on his mission and finds love and friendship with a young Indian girl who is called a 'nervous' woman. Vivah eventually gets into the army to help the Allies and later a British army unit.. Johari waadhaa keh. The first verse of our jingla-jiadra says that when two friends begin to talk, they may not take any action which might disturb them. Let us go back to our day. Someone comes and says that the neighbour has become a very sickly neighbour; he is dying. The people ask what should be done, but the neighbours just say that it is the neighbours' duty to take care of the sick neighbour. What if he had been given a very healthy neighbour? In that case, the neighbours would have done much more. It is also necessary that we should treat our neighbours and listen to what they have to say. Once we recognise our neighbours, our attention must be on them; whether or not they give a thought to each other, or how it can be improved, we must recognise their own faults and do something about it. The same principle must be widescreen.. In the second half of the film, Vivah meets a young Indian lady called Satvah. Satvah, a beautiful woman who has been fighting the British for independence under the leadership of Vivah, becomes a close ally of Vivah and takes up arms to fight for her cause. She eventually joins a division of Indian Army soldiers, and later a separate Indian division.. Neen peh bhai khiye. Kaya aad aaj dehaate kyon.
